

In 2014, I went through one of the most difficult times in my life, I was faced with a divorce. Like everyone in that situation, I was confused, scared and unsure. I did not know the first thing about hiring a lawyer let alone talking to one. A good friend of mine told me to contact his attorney, Anita Ventrelli. He told me that even if I hired her for a one-hour consultation, it would make a world of difference and help give clarity to the situation. As I am writing this and thinking about it, in my most sincere and heartfelt matter, his words could not have rung truer. From the first moment I walked in her office, Anita was professional and compassionate.

She helped me sort through and answer all of my questions. She explained the law to me and what to expect, and told me what I needed to do. I walked out of the office with a feeling of reassurance that things were going to be ok. Her experience and understanding of the law blew me away. She is amazing and I couldn't have been more happy with the outcome of my case. I have found Anita to be one of the kindest, most honest and good people that I have ever had the pleasure of knowing. Anita along with her entire firm, Schiller DuCanto, and Fleck are at what I deem the pinnacle of practicing law. Anita Ventrelli by far is the best family law attorney in the City of Chicago!

-Steve B.

I am so thankful for the compassionate, professional advice and legal representation I received from Schiller, DuCanto & Fleck. Anita Ventrelli was amazing in every way - smart, savvy, and able to make me feel confident in the process during a very scary time. She was a champion for me - always available for questions and to address those random concerns that pop into your head a thousand times during the divorce process. I would recommend Anita and the team at SD&F to anyone looking for a life raft during the storm.
